- David Sorensen claims Israel's true purpose is to establish Jerusalem as the center of a one-world government, orchestrated by Zionist elites in powerful institutions like BlackRock, Vanguard and global health organizations.

- Sorensen alleges Israel intentionally fostered Hamas to justify military expansion, citing Netanyahu's 2019 remarks and suspicious IDF security failures during the October 7 attack as evidence of a staged provocation.

- He traces Israel's origins to the Rothschild family, accusing them of satanic motives symbolized by occult imagery (e.g., the City of London's dragon crest) and hijacking Christianity to serve political Zionism.

- Sorensen condemns Christian Zionism as a distortion of scripture, arguing that true Israel is spiritual – not a militarized state. He blames elite-funded doctrines (e.g., Scofield Study Bible) for misleading believers.

- Despite exposing conflict as manufactured, Sorensen envisions Israeli-Palestinian reconciliation and plans a follow-up documentary. His core message urges unity over violence, encouraging resistance against artificial divisions.

The Health Ranger Mike Adams sat down with David Sorensen, a missionary journalist and filmmaker behind the documentary "The Mystery of Israel," on the Health Ranger Report. Their conversation delved into the hidden agendas behind the Israel-Palestine conflict.

Sorensen began by elaborating a globalist plot to establish Jerusalem as the center of a one-world government. The founder of StopWorldControl.com argues that Israel's geopolitical significance extends far beyond its small geographic footprint.

He claims that Zionist elites are orchestrating a plan to centralize control in Jerusalem. Many of these elites helm powerful institutions like BlackRock, Vanguard and global health organizations.

"The vast majority of people haven't got the slightest clue about the real agenda with Israel — that it's all about establishing a one-world government from within Jerusalem," Sorensen stated. He emphasized that mainstream narratives suppress this truth, labeling dissenters as "antisemitic" to silence criticism.

One of the most explosive claims in Sorensen's documentary is that the Palestinian military group Hamas (formally the Islamic Resistance Movement) was deliberately fostered by Israel to justify military expansion. He cited statements from Israeli officials, including Israeli Prime Minister Benjamin Netanyahu.

"Anyone who wants to thwart the establishment of a Palestinian state has to support bolstering Hamas and transferring money to Hamas," the incumbent Israeli leader allegedly said in 2019. "This is part of our strategy."

Sorensen also referenced whistleblowers from the Israeli Defense Forces (IDF) who claim that Israel's advanced border security systems inexplicably failed during Hamas' Oct. 7, 2023 attack. This raises suspicions of a staged provocation, with the missionary journalist arguing that no military commander in his right mind would carry out such an irrational suicide mission – unless they knew retaliation was part of a larger plan.

Israel's Rothschild connection and the role of satanic influence

Sorensen traced Israel's origins to the Rothschild family, whom he accused of funding the state's creation as part of a satanic agenda. He pointed to the City of London's crest – featuring two dragons – as symbolic of their allegiance to dark forces. (Related: The history of the House of Rothschild.)

"They don't even hide their Satanism," he said, referencing biblical descriptions of the dragon as Satan. "The Rothschilds are known to be at the heads of Satanism. They are a very satanic family."

A significant portion of the interview focused on Christian Zionism — a movement that unconditionally supports Israel based on theological interpretations. Sorensen added that they have hijacked Christianity to turn believers away from Christ and toward a political, militarized Israel.

The filmmaker condemned this ideology as a distortion of scripture – arguing that true Israel is spiritual, not political as God never promised a military state. Christ fulfilled all prophecies, and His kingdom is within each individual. Sorensen blamed the elite-funded Scofield Study Bible for twisting Christian doctrine to justify Zionist expansion.

Despite the grim revelations, Sorensen ended on a hopeful note, sharing a vision of reconciliation between Israelis and Palestinians.

The author and filmmaker mentioned that in a dream, he saw both groups realizing they were the same people who were guilty and needing the forgiveness of God. He added that instead of fighting, they embraced each other which is the message the world needs.
